28 December 1965

MEMORANDUM FOR: The Assistant to the Director

SUBJECT : Request for Agency Briefing of Fletcher School Graduate Students

1. On 28 December the Director of Training received a telephone request for an Agency briefing of about 75 graduate students of the Fletcher School of Law and Diplomacy, the briefing to be given at Headquarters Building on the morning of 25 January 1966.

2. The request came from Mr. Floyd Sherrod, co-chairman of the Fletcher School alumni of Washington and a member of the Washington law firm of Surrey, Karasik, Gould, and Greene. Mr. Sherrod was speaking for Dean Gullion of the Fletcher School.

3. The requested program would include a discussion of the Agency's role in the U.S. Government, a brief discussion of employment opportunities in the Agency, and a general question period.

4. If the request is approved by your office, OTR will be glad to go ahead with arrangements. We feel, incidentally, that the Fletcher School group should be addressed by top-level Agency officials - perhaps a brief welcome by the Director of Central Intelligence, a discussion of the Agency's role by the Deputy Director of Central Intelligence or the Executive Director-Comptroller, and a discussion of employment opportunities by the Director of Personnel. At this point, however, no speaker commitment is necessary; when and if the request is approved, the availability of speakers can be explored.
